

GROW YOUR OWN FREE WORKSHOP SERIES

Presented by Local Matters and OSU Extension

Networking • Learning • Refreshments

SATURDAY, JANUARY 19 9:30am–NOON

Aquaponics and Aquaculture in Urban Settings

Join presenter **Dr. Laura Tiu**, from OSU Extension, for this informative session and learn more about the benefits of aquaponics to grow your own food year round.

SATURDAY, MARCH 2 10:00am–NOON

The Future of Producing Food in Urban Areas of Ohio

Don't miss this exciting workshop with retired OSU Entomologist, **Dr. Joe Kovach**, discussing the future of urban, year round food production. Learn and tour the OSU Knowlton Hoop House project and end with a Q/A session with Dr. Kovach.

SATURDAY MARCH 16 9:00am–NOON

Planning the Vegetable Garden & Starting Seeds Indoors

Join **Pam Bennett** from OSU Extension for essential garden planning tips and learn how to grow your own seedlings. Growers can increase diversity and healthy plants in their gardens, adding more to our kitchens and plates with heirloom plants and successful growing tips for lush gardens. All attendees will also receive free seeds!

All workshops will be located at
Godman Guild:
303 E. 6th St. Columbus OH 43201
