**John W. Finley**

Professor John W. Finley is Head of the Department of Food Science at Louisiana State University. Dr. Finley's combination of academic, industrial, and government experience in the area of nutritional food ingredients and consumer product formulations makes him a recognized expert in the field of functional foods that enhance health and wellness. His research interests include low calorie ingredients, anti-inflammatory compounds in the diet and modified lipids.

**This event is free and open to the public**
