## WORKSHOP DETAILS:

### “Just the Basics”

Are you ready to start using social media but don't know where to start? Come learn the basics of how to use Facebook and Twitter. Leave this hands-on workshop with accounts set up and ready to go, and the know-how to help you use them correctly.

### “Content & Strategy”

Do you already understand how social media works but have questions about how to use it professionally? Join us for a discussion on advanced social media topics. You come with topics you want to discuss. We'll break into groups and work through the topics “unconference” style.
